Soviet Republic Is Proclaimed In Portugal

MADRID, March 3.—Reports from the Portuguese frontier today declare that the workers in Portugal have proclaimed a soviet republic. The postal, the telegraphic and other workers are said to have joined the railroad men in the move. The news, which reached here from the border by telephone, has not been confirmed.

DECREASE IN PUBLIC DEBT

WASHINGTON, D. C., March 3.—A decrease of \$361,937,287 in the public debt was effected in February, the treasury announced today, leaving the total debt \$25,404,331,707.

Anarchists Prolong Strike

MILAN, March 3.—(Havas)—In compliance with orders from Socialist leaders, workers who have been on strike attempted to resume work yesterday, but anarchist groups attacked factories, the tramway and stores.

Declare Freedom

LONDON, March 3.—Representatives of the Schleswig and Holstein organizations, together with members of various political parties, assembled at Rendsburg, Holstein, today, to proclaim the emancipation of Schleswig-Holstein from Prussia and the establishment of a new state, says a dispatch from Flensburg.

STRAUSS RESIGNS FROM FEDERAL RESERVE BOARD

WASHINGTON, D. C., March 3.—Albert Strauss, of New York, resigned today as a member of the Federal Reserve Board.

Mr. Strauss said he had accepted appointment to the board with the understanding that he would be allowed to retire when his work was finished. He felt, he said, that this time had come, especially in view of his need for a rest. His duties in Washington and also as a member of the American financial mission at the peace conference, he said, had kept him away from home much longer than he expected. Mr. Strauss was desirous to make clear that there had been no friction in the board.

WILL FIGHT EFFORTS TO ANNUL MARRIAGE TO INDIAN

Jackson Bennett and his bride. Mrs. Jackson Bennett, formerly Mrs. Anna Laura Lowe, has announced that she will fight all efforts of federal authorities to annul her marriage to Jackson Bennett, millionaire Oklahoma Indian. Cato Sells, Indian commissioner, has announced he will seek to annul it on the grounds that Bennett, being a ward of the U. S., is classed as a minor. The Indian and Mrs. Lowe eloped from Henryetta recently to be married and at the time it was reported Bennett had been kidnapped.

WRANGLING BREAKS OUT ANEW AT THE HEARING ON SOLDIER RELIEF MEASURES

WASHINGTON, D. C., March 3.—Another row occurred today at hearings before the House ways and means committee on soldier relief measures. It came when Edward H. Hale, representing veterans of foreign wars, told the committee that statements made yesterday by Franklin D. Oller, commander of the American Legion, were "pernicious and should be contradicted."

A storm of protest resulted, but Chairman Fordney restored quiet by warning that unless order could be maintained, "we will quit these hearings."

Representative Treadway, Republican, Massachusetts, said the committee should not permit criticism of the American Legion, adding that "evident rivalry exists between various associations."

"Criticism must be permitted if we get anywhere," interpreted Representative Garner, Democrat, Texas.

"After five minutes of wrangling, among members during which several started to leave, Chairman Fordney ruled that witnesses should not criticize other organizations."

Hale urged passage of a bill authorizing relief to discharged service men at the rate of \$20 a month instead of \$30 with an additional grant of \$100 to those who served overseas. He also favored passage of the Morgan bill, which would give service men the option of selecting homesteads.

PRESIDENT ENJOYS FIRST MOTOR RIDE SINCE ILLNESS

WASHINGTON, D. C., March 3.—President Wilson went for a motor ride today, leaving the White House grounds for the first time since he was ordered to bed last October by Rear Admiral Grayson, his physician, "a very sick man."

The president was accompanied by Mrs. Wilson, Dr. Grayson and several service men and took a spin around the "speedway" along the Potomac. A closed car was used. Photographers who had waited several weeks for the president's re-appearance in public, were prohibited by the police from taking photographs.

Almost ideal weather prevailed for the president's ride, the day being as balmy as one in late spring with only a gentle wind stirring. The car was kept closed throughout the trip, however. The president sat in the rear seat with Mrs. Wilson and kept his cap in his hand most of the time.

From the "speedway" the president drove back into the city and down Pennsylvania avenue around the Capitol and thence to the White House. He was out a little more than an hour and appeared to have enjoyed his outing.

Going through the Capitol grounds the president passed Senator Borah, of Idaho, and recognition was simultaneous, both waving their hands and smiling. Throughout the trip, Dr. Grayson said, the president was delighted and remarked that he felt like he had been away from Washington for a long time.

Passing the vicinity of a market house, the president, who delights always in reading signs when he is motoring, saw a large sign quoting pork at 35 cents a pound. Considerable to the high cost of living, the president remarked to Mrs. Wilson, "That brings it home to you when you see a sign like that."

During the drive the president passed many groups of people, who recognized him and he smiled his acknowledgment of their greeting. Quite often women who recognized him waved to him.

Decision to allow the president to go out today was made by Admiral Grayson early this morning. Yesterday the president, anticipating a good day to go riding, and when he received the suggestion today, Dr. Grayson acquiesced. The president walked to the car with the aid of his cane. Dr. Grayson was at his side and held lightly to the president's arm. The president was assisted in the car by Dr. Grayson and Mrs. Wilson. He wore his old gray sweater under a medium weight overcoat.

Dr. Grayson said that the president had been much benefited by his trip and that an examination of his blood pressure on his return showed it to be quite normal.

The president, Dr. Grayson said, probably will not go out driving every day for a time. Today's trip was in the nature of a diversion, and future outings will be regulated by the weather. There will be no set schedule.

NUMBER OF DEFENDANTS DISCHARGED

GRAND RAPIDS, MICH., March 3.—Fifteen more defendants were discharged by Judge Sessions in the Newberry election conspiracy trial today. This left the total at 85 defendants. The fifth count of the indictment was also dismissed. This was the one founded on the federal statute of October 16, 1918.

Charges against 23 defendants were dismissed yesterday at the request of Frank C. Bailey, assistant attorney general.

Judge Sessions took both actions on his own motion. He said that a "very close attention to the prosecution's evidence and a very careful study of the evidence" had convinced him that he would be unwarranted in holding the men named on a jury verdict. He directed the clerk to enter a formal verdict of "not guilty" in the 15 cases.

Judge Sessions denied defense motions for dismissal of counts three and six of the indictment. He then notified James O. Murfin that it would be useless to argue a motion for a directed verdict, as to all the defendants, as he would deny it.

CONSUMERS WIN SUIT

COLUMBUS, O., March 3.—Thousands of dollars of additional profit to gas distribution companies in a number of Ohio cities will be ended by a decision handed down by the Ohio supreme court in which the Ohio Public Utilities Commission again is reversed.

The ruling is regarded to red define the practice of imposing a "readiness to serve" charge, in addition to all other charges, for consumption of natural gas. The amount taken by the charge is small to the individual consumer, but the aggregate in a city is large.

This reversal was announced in a case appealed from Ashland.

HARDING SETS PRECEDENT IN SOUTH'S POLITICS

PORT WORTH, TEXAS, March 3.—Senator Warren G. Harding, of Ohio, candidate for the Republican presidential nomination, set a precedent in southern politics today by campaigning in Texas. He is the first Republican presidential candidate ever to campaign in person in this state. He spoke at the chamber of commerce. He was welcomed to the city by a committee composed of both Democrats and Republicans. He will go to Dallas today.

To Break Up Warships Of Turkey

LONDON, March 3.—The disposition of the Turkish navy was definitely settled by the allied supreme council today when it decided that the peace treaty should provide that the warships be broken up. The Turkish army will be reduced to such a point by the peace terms that it would not be effective against another country.

The council deliberated this morning over the report of Marshal Foch on the military situation as regards Turkey, but it did not determine on the details of the military terms of the treaty.

LONDON, March 3.—The supreme council of the allies today decided that Turkey shall have no navy. Only a few revenue cutters will be left to her.

PARIS, March 3.—(Havas)—Turkey's army will be limited to the number of troops necessary to maintain order in Asia Minor, according to the Journal, which says Turkey will be compelled to keep her armed forces on the Asiatic side of the Bosphorus.

BRITAIN FEARS RESULT OF A RUINED GERMANY ON EUROPEAN AFFAIRS

LONDON, Mar. 3.—A noteworthy phase of the present meeting of the peace conference is the changed attitude toward Germany. In high diplomatic circles it is asserted that the conference has come to recognize that Germany ruined would mean a weak spot and a dangerous spot in Europe.

Great Britain, and personally David Lloyd-George, the British premier, are credited with being the chief forces in bringing about this policy. The French peace delegation is described as moving toward this point of view reluctantly, although it is moving.

French Settlement Changes. It is asserted that the French are less insistent than when Mr. Clemenceau was at the helm of state. How to get Germany on her feet is one of the largest questions the conference is now considering. It is considered probable that it will sanction an international loan to Germany, but the question of security is a basic one.

It is expected that a plan will be arranged which will offer inducements to the rich smaller neutral countries to subscribe to a loan. Even England, her representatives believe, will contribute, officially or unofficially, although England's financial commitments of various sorts arising from the war are greater than those of any other nation.

May Fix Indemnity. One of the American conference press organs the opinion today that perhaps German sympathizers in America at least will come forward with subscriptions.

The question of finally fixing Germany's war indemnities at a specific sum also is being discussed. The belief is expressed that the German government can organize its finances and industries more efficiently if the German people know exactly what are their obligations and what they are to be called upon to pay. This question was one left by the treaty to the reparations committee but the present idea seems to be that the conference probably will take it out of the hands of the commission.

HIST! TOO MANY VOTES

COLUMBUS, O., March 3.—The wets gained 38 votes today in the recount on the federal prohibition amendment, bringing the wet majority back to 50 votes. The recount today is being made in Toledo precincts. The largest gain was in Precinct N. High road, where 34 wet votes were gained. The entire vote of this precinct may be challenged, however, as it was said there were 22 more votes in the ballot box than there were voters on the poll books.

MOVIE STAR GETS DIVORCE

RENO, NEV., March 3.—Mary Pickford, motion picture star, was granted a divorce from Owen Moore on Monday evening at Minden, a small town near Carson City, on grounds of desertion. It became known today. She has been at the Campbell ranch at Genoa, Nev., since February 15. She was accompanied to the court room by her mother, Mrs. Smith, and she went freely while testifying. Moore was not in court, though he was at Minden at Lincoln Monday. He was represented by an attorney in the proceedings. Miss Pickford is still at Genoa.

REPUBLICANS IN CONVENTION

LOUISVILLE, KY., March 3.—More than 2,000 Republicans of Kentucky were in Louisville today attending the Republican state convention, which was called to elect four delegates and four alternates from the state at large to the Republican national convention in Chicago and to formulate plans for the Republican campaign in this state.

A. T. Hart, Republican national committeeman from Kentucky, and Governor Morrow were said to be virtually assured of endorsement by the convention today as two of the four delegates from the state at large to the national convention.

Some quarters appeared confident that Mrs. John Glover South, of Frankfort, also would be endorsed by the convention, but it appeared probable that a fight on the convention floor for endorsement as fourth delegate would take place.

ORDINANCE ENFORCEMENT DISCUSSED BY CHAMBER; MEETING OF RETAILERS FRIDAY

It is agreed that the ordinances of the city government are adequate to preserve the present peace, health and safety of our people.
In short, we are strong in ordinance, but weak in the enforcement of same.
The above was the hypothesis from which the discussion of "Ordinance Enforcement" was held by Judge Geo. M. Osborn at the Chamber of Commerce luncheon held in the Chamber of Commerce on Friday noon. About 100 members were present.
S. Andrew Skelton presided at the meeting.
J. H. White read the report of the operation of every merchant in every city using Committee, and displayed the design of the new sign.

The Chamber of Commerce has arranged for a luncheon of all the retailers and merchants of the city Friday evening at 7:30, in the Elks' parlors.
The object of this meeting is the stimulating of the relationship between the merchants and the Chamber of Commerce.
Mr. J. B. White, manager of the Chamber of Commerce, said: "It is the desire of the Chamber of Commerce to do all in its power to enforce the ordinances of the city government and to expand our trading area for the benefit of the city."
To do this, we need the active cooperation of every merchant in every city using Committee, and displayed the design of the new sign.

MARCH WEATHER

"For the uncertain weather of March you should protect your home by having at hand a bottle of Duffee's Cough Syrup, the old time remedy that breaks up colds and stops coughs. It is a preventative of more serious troubles that are especially prevalent this season, one that thirty years of success has shown to be efficacious and thorough reliable.

Then, too, you will want that excellent disinfectant, Killo, which "cleans up," prevents mites and kills insects, especially roaches, ants, chicken lice, etc.

With the two you fortify your family against disease and protect your clothing against moths and your food against insect pests. Your grocer or druggist can supply you.

OBITUARY

Newton Smith

Newton Smith, who was stricken with paralysis Sunday, passed away at 6:15 Tuesday evening at his home, 1013 John street. Mr. Smith was 62 years of age and had been a lifelong resident of Portsmouth. The deceased was well known and his many friends will be shocked to learn of his death.

Mr. Smith had been an invalid for four years. He suffered a fall and fractured a hip, and sometime later while out on crutches fell and fractured his other hip. He had retired from work about a year before he met with his first accident.

The deceased was born and reared in the West End of the city and was a son of Ephraim and Rebecca Sparks Smith.

Mr. Smith was employed in the city's old rolling mills and after giving up that work was a painter for about ten years.

The after effects of the flu are as bad, in many cases, as the disease itself. Influenza leaves its victims in such a weakened condition that unless a good tonic that cleanses all the poisons from the blood is taken a relapse or other diseases may follow. With the blood in such an impoverished condition and all the organs of the body spent, nature cannot readjust itself without assistance.

Just as you clean and sterilize thoroughly the sick room in which the patient has struggled for life, just so must you cleanse and sterilize the body in which the real struggle took place. There is nothing you can take which will do this as quickly, efficiently and pleasantly as The Hesse Formula R-11.

This great tonic and system builder

is composed of the purest drugs. Each ingredient being selected because its action on the organ it is intended to improve is the best known to medical science.

No thought of cost enters into its selection. It is impossible to buy or compound a preparation that would be better for the uses for which we recommend it.

The Hesse Formula R-11 acts upon the stomach, liver and kidneys and by a natural process gradually adjusts these organs and eliminates from the blood and system the poisons they contain.

The Hesse Formula R-11 is sold by all druggists in Portsmouth or The Fisher & Streich Pharmacy, Deane and get a bottle today and quit suffering.

License Plan Is Favored

BROOKLINE, MASS., March 2.—At the town meeting today Brookline joined the long list of Massachusetts cities and towns that have reversed long standing opposition policies on the liquor question, and voted in favor of license 1,449 to 1,093.

It was the first time in 24 years that this town, the largest and wealthiest in the state, had voted "yes." The vote will have no practical effect. Brookline's population is 30,400.

BURLINGTON, VT., March 2.—Early returns from today's election indicate a large increase over last year in the vote in favor of liquor license.

The Smaller Cars—and the World's Most Popular Tires

No tires bearing the Goodyear name, not even the famous Goodyear Cords which equip the world's highest-priced cars, embody a higher relative value than do Goodyear Tires in the 30x3, 30x3½, and 31x4-inch sizes.

In these tires owners of Ford, Chevrolet, Dort, Maxwell, and other cars taking these sizes, are afforded a measure of performance and service such as only the world's largest tire factory devoted to these sizes can supply.

All that this company's experience and methods have accomplished in these tires is available to you now at the nearest Goodyear Service Station.

Go to this Service Station Dealer for these tires and for Goodyear Heavy Tourist Tubes. He has them.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread..... \$20.00
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread..... \$17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water—\$3.90 proof bag

Sale of Land in 1865
Involved In Suit
A suit in equity to vacate, set aside and increase the final settlement of the estate of Daniel Turner, who died in

In January, 1865, on the grounds of fraud, accident, mistake and want of jurisdiction of the court granting the decree of the sale of certain land, was instituted in Common Pleas court today by Joseph and James Turner and Anna Cornute against William J. Denning and others.

The land in question consists of 31 acres in Washington township and the premises were sold at administrator's sale to Louise Weaver on June 17, 1865.

Through Attorney H. A. Taylor, the plaintiff's charge that Louise Weaver was a relative of the administrator, Clifford Smith, and that she acquired title through fraud on a fictitious claim of alleged notes of the decedent and was given \$1,000 credit on the purchase price of the land in this manner, it is alleged. The plaintiffs further declare there was a mistake in the legal advertisement and that the sale was so arranged before hand that there was only one person given notice or a chance to bid, and by reason of such alleged fraud the plaintiffs claim they have been wrongfully deprived of their legal interest in the property.

The defendant, W. J. Denning, is now in possession of the disputed property through purchase from John W. Smith, who purchased his title from Louise Weaver. It is claimed that the subsequent purchasers of Louise Weaver had knowledge of the alleged fraud and errors.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of many sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without bringing on any disagreeable effects. Dr. J. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaints, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c

Falls With Thin, Pale Blood Hesitate—Feel Uncertain

SHOULD TAKE PEPTO-MANGAN

Red-Blooded Men and Women Know What They Want To Do and Do It

It may be you are just recovering from a sick spell—or may be your system is run down and your blood so weak that you are in a poor shape to resist infection.

But if you don't feel and look robust you are not robust. Such state is often due to weak blood, not enough red blood cells, a condition known as anemia.

The best remedy for anemia (bloodlessness) with its low mental and physical vigor is Gude's Pepto-Mangan. Pepto-Mangan supplies the weak, watery blood with the very elements it needs to put new life into it. It restores, recreates, and rebuilds the exhausted blood, the vital fluid of health and life. Try Pepto-Mangan if you are "run-down." It cannot harm you—it will certainly help you unless you have some deep-seated chronic disease requiring the physician's care. Be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. For sale at all druggists.—Adv.

"MORE DAYLIGHT" PLAN IS TO COME BEFORE COUNCIL TONIGHT

The measure providing for "More Daylight" during the summer months promises to be the big issue before council at its meeting tonight. Supporters of the measure are expected to be on hand in numbers to argue for the ordinance and urge its adoption and opponents will no doubt be present in an effort to block legislation.

A majority of the council members are said to be favorable to the measure and the backers of the plan are confident of getting sufficient support to put it over. The managers of the Industrial baseball league are leading in the fight for the adoption of the plan, supported by more than 6,000 fans who are anxious for a return of twilight baseball again this year.

Other legislation to come before council tonight for action will include resolutions ordering the paving of Robert Road and Argonne Road to proceed; ordinance providing for the trimming of shade trees so as not to interfere with street lighting and that it has a right to pass the measure.

DELEGATES CHOSEN BY C. OF C.

The Board of Directors of the Chamber of Commerce Tuesday afternoon appointed H. P. Bertram, national councilor, and John E. Williams, P. I. Marling, Ed T. Reed, Valter Harold, John T. Hreece and Samuel Harlow delegates to the United States Chamber of Commerce.

These men will represent the local chamber in all their dealings with the national chamber. These men were picked from a list of 14 submitted to the board by a special committee appointed to make the recommendations.

The board also added the names of R. D. York and F. D. Winter to the water committee. The committee is now composed of Mark W. Selby, chairman; Gilbert S. Monroe, F. L. Manning and the two new members.

WILL CELEBRATE FEAST OF PURIM

Tomorrow night in Moose Hall the Jewish people of the city will give a masquerade dance, celebrating the Feast of Purim.

This feast is not marked by any religious celebration by the Jewish congregation. Purim is a Hebrew word meaning "lots" and the feast of that name is held in celebration of the deliverance by Queen Esther of the Jews when they were about to be destroyed by Haman, minister of the King of Persia.

Haman cast lots for the day on which the Jews should be destroyed, hence the name of the feast, "lots" or Purim.

The festival is not observed by the congregation with any religious services because of the fact that this story is purely legendary, and not historical. The story is regarded by Jewish religious authorities as being "made up" to stimulate the faith of the Jewish people in Jehovah.

"Grippe" Leaves Kidneys Weak

The epidemic of colds and grippe that has been sweeping the country has seemingly left even a greater number of people than ever a weakened condition from which there is a slow recovery.

Much of this after weakness affects the kidneys and bladder, making it difficult for them to perform their natural functions. Sufferers have to get in and out of bed half a dozen times a night, their backs are weak and painful, sick headaches and dizziness are common symptoms. No serious trouble may exist, but the time to check such symptoms is at once before matters grow worse. No complicated treatment may be needed if a few doses of a good safe kidney regulator like Solvax is taken right away. Solvax straightens out an ordinary case of weakened kidneys in about twenty-four hours in many instances, sits out and neutralizes poisonous kidney waste from the body so that you can begin to feel better right away. Solvax is harmless, contains no alcohol or habit drugs and Wurster Bros. and other leading druggists agree to refund its full purchase price if in any case it fails to give entire satisfaction.

Tragedy Follows Family

Mrs. Elizabeth Yates, aged 53 years, mother of Jake Yates who was fatally wounded in a pistol duel with Charles Richmond, his brother-in-law, last Saturday afternoon in Symmes township, Lawrence county, died Monday night at her home from severe burns sustained when bed clothing caught fire. Jake Yates died Tuesday in the Innton hospital from the bullet wounds he received in the duel with Richmond who was killed almost instantly by Yates.

Mrs. Yates had been ill and Sunday evening she felt some better and asked for a smoke. Her pipe was lighted and given to her and while the other members of the family were absent from the room the bed clothing caught fire, the aged woman being fatally burned. When members of the family returned to the room they found Mrs. Yates fighting the flames. When they pulled her from the bed she was fatally burned.

Economic Changes Coming, Shoe Men Say At Meeting

Columbus, Ohio, March 2.—Retail shoe men, in state convention here today, are convinced that economic changes are coming. This was the general view of the representatives. President C. K. Chisholm said: "It does not take much thought or an outfit board to predict this. We all know it is coming. When, is entirely a matter of speculation, and as to whether or not it will affect business seriously is a matter of doubt too. That we shall ever encounter a panic in this country again is almost impossible, because it is conceded that our Federal reserve system prevents this."

"I strongly advocate selling your merchandise on the closest possible margin consistent with good business, and under the conditions upon which you operate. I think the shoe merchant can look toward the future with great confidence. We never were in as good condition and I feel perfectly confident that we are going to stay that way."

Columbus, March 2.—Delegates attending the annual convention here of the Ohio Valley Retail Shoe Dealers' Convention predict a "steady market" for fall. Prices will be firm, they believe. Oxfords will be popular, dealers say.

Doctors Find Remedy For Colds And Flu

Calotabs, The New Nauseless Calomel Tablets, Cut Short Colds and May Prevent Flu By Keeping Liver Active

Physicians have learned from experience, during the epidemic of influenza, that one of the most important factors in the prevention of flu and pneumonia is to keep the liver active so that the digestive organs may be in perfect working order and the system thereby enabled to throw off colds, check sore throats, and resist serious complications. For this purpose they have found that the new, nausealess calomel tablets called Calotabs, are far more effective even than the old style calomel, which was formerly the universal favorite, as Calotabs do not weaken the patient, nor interfere with the appetite and digestion.

At the first sign of a cold or sore throat, doctors recommend one Calotab at bed time with a swallow of water—that's all. No salts, no nausea, nor the slightest interference with your diet, pleasure, or work. Next morning you wake up feeling fine, your liver is active, and your appetite is keen for a good breakfast.

For your protection Calotabs are sold only in original sealed packages, price thirty-five cents. All druggists recommend and guarantee Calotabs. Your money back if you are not delighted with them.

TREAT ECZEMA WITH IODINE

SKIN IRRITATIONS VANISH
If people would only have Iodine in the home, at all times for a family remedy they would nip in the bud many serious afflictions, and always have an antiseptic and healing remedy for everyday accidents and ailments, says a woman who speaks after many years' experience in raising a large family.

"Toke Eczema, for instance," she says, "We used to call it St. Anthony's fire when I was young. The red, irritated, swollen skin, the itching and burning are maddening, and Iodine is the remedy."

Physicians are practically unanimous in recommending Iodine. They prefer it in its best form—Lanolated Iodine—which is soothing, healing and powerful, yet never irritates or blisters and is practically tasteless. It is quickly absorbed into the tissues and glands, usually giving prompt relief.

James Hager, Elisha & Streich and all druggists have this agreeable Iodine ointment and gladly recommend it as it gives unusual satisfaction. Be sure to get Lanolated Iodine for best results.

WHAT ARE YOUR QUALIFICATIONS?

A topic that is utmost in your own and your employer's mind. "I THINK I can" and "I CAN" are vastly different. More than one man has made success or failure through the selection of four instead of two words. "I CAN" moves mountains and conquers nations. There is no doubt. Do you have any doubts about your business education? If so, purchase a scholarship and enroll in the day or night classes. Be a straightforward "I CAN." PORTSMOUTH COLLEGE OF BUSINESS

The Portsmouth Daily Times

 The Associated Press is exclusively entitled to the use for publication of all news dispatches received by it or otherwise credited to this paper and also the local news published herein.

AS TIME GOES BY

THE other day we were sitting on the porch of Mr. Val Simmons' home near Miami, Florida, discussing journalism of by gone days with him, when the mail man came along and handed Mr. Simmons several copies of the Portsmouth Daily Times. He was sitting at a table and looking at a picture and then slowly remarked, "Harry, our old friend Colonel Higgins has gone over." Then we fell to discussing his wonderful resourcefulness as a political strategist and as an advertising manager. "We always had a real dependence upon Colonel Higgins about the Blade office," said Mr. Simmons. "Some way he could always rustle up the money when we were short on pay day and you know what that meant to us all in those days." True indeed, for then 'The Blade' and 'The Times' were clung in a death struggle for existence, both were exhausting all their resources and both were just a jump of two ahead of the sheriff. A little luck turned the tide towards 'The Times', but with all the bitterness of the newspaper war, there was little personal ill-feeling between the staffs of the two papers. Personally we were on pretty good terms with the Blade staff and so it came to pass, by one of the strange whims of providence that we should be sitting on the porch of the home of our old rival down there in the sunshine of a beautiful Florida day and soberly discuss the passing of a man who had been a good, loyal business associate of the one and a good business rival of the other, and with a good social friend of both.

We know Mr. Simmons' old friends here will be pleased to know that life is dealing gently with him now, that he is in good health, and that he is doing well in a business way. We certainly wish him continued health and prosperity.

OHIO'S GREAT RECORD

THE people who were running the financial end of the world war down at Washington may have made mistakes, but they certainly did not make one when they selected Mr. Harry P. Wolfe, of Columbus, as manager of the War Savings Stamp campaign in Ohio. Possessing great genius for organization, Mr. Wolfe lost no time in getting into action. He got together a great organization at headquarters, of which Mr. John A. Kelly became the head and then he went out into the counties and selected the very best material for his county managers. And what is the result? Treasury department figures for the year 1919 just issued show that Ohio stands out pre-eminent in the nation, winning first place by a big lead.

Ohio sold twice the War Savings Stamps that New York, with twice the population did. Ohio sold more War Savings Stamps than all the New-England states combined. The total sales for 1919 were in excess of twenty two million dollars. Ohio's per capita sale of \$4.16 was twice the per capita sale of the nation. Ohio's schools led the schools of the nation. Ohio post masters and mail carriers led all others. Ohio banks led the banks of the nation. Ohio won first place honors in every division in War Savings work. New York state was second, with Illinois third and Pennsylvania fourth. Ohioans have bought one hundred and twenty five million dollars of War Savings Stamps which brings nearly five million dollars in interest. Inasmuch as no one person can hold more than one thousand dollars of any one issue of War Stamps, the amount of stamps sold is indicative of the wide distribution of the securities. The working people of Ohio own 90 per cent of all War Savings securities and War Savings Stamps have proven an anchor to windward for more than two million people in Ohio.

It is pleasing to know that Ohio shines forth so conspicuously, pleasing to know that her people have learned so well the lesson of saving and of thrift. It is also pleasing to know that Seio county under the able leadership of Chairman Mark W. Selby has not lagged behind in the sale of thrift stamps, and that our citizens are largely numbered among the holders of the "Baby Bonds."

Chillicothe papers are gravely concerned because the ancient metropolis is afflicted with the itch. We had supposed that was what was troubling Ironton, judging by the amount of scurrying going on up there, but we reckon our bustling little neighbor of new hotel and old rambon fame must be suffering from a bad case of the pip.

The illustrated skin soap advertisements are so generally read that we suppose a girl is almost driven into going around in a low neck in self-defense, to show there's nothing the matter with her.—Ohio State Journal.

Those Chamber of Commerce dinners are good things. They bring business men closer together, make them rub elbows and forget business cares and rivalries, make them better fitted for their various lines of work. If the dinners are to be discontinued let us hope that out of them will spring a Rotary Club. Portsmouth needs one, and she has the material to make a smashing good club. Why not start the movement?

The man who stands on the First National Bank corner every day in the year, holidays and Sundays included, says that he hopes the plan to build a new hotel will not get lost in the smoke raised by those who consider sites more of moment than the building itself.

Judging by the advance Spring and Summer styles we saw in evidence down South, we imagine that there will be a big waiting list for membership in the Rubber Neck Club that has its summer headquarters on Government Square.

Who's to blame for the ripe olive poisonings since German propagandists cannot be accused?—Port Scott Tribune.

Such a standardized dress as the American women might consent to adopt would make the rich man poorer and the poor man jump in the sea.—Kansas City Star.

Just now Prexy Wilson is about as popular in the world as a cross schoolman among her small boy pupils, but maybe in years to come the spans will be forgotten and the thanks will be forthcoming for the good that teacher did.—Chicago News.

There is one thing that won't please the woman voter. After her ballot goes into the box she can't recall it for the purpose of making changes.—Toledo Blade.

THE MARRIED AVERAGE MAN

With a great honking of horn and flourish of crimson auto veil, good old Athena drove up to the front gate just as the sun was setting in a sea of orange light. It was so good to see her after all these weeks that I hung on her neck and howled like a silly—just out of gladness.

"Well, stop ruining my best pongee morning coat and let me look at you!" cried Athena, holding me off at arm's length. "Fine and fit. Now tell me more of this scheme of yours to develop amusement parks and making fortunes."

Athena flung off her hat, coat, veil and gloves, pushed her hair back and settled herself without further preliminaries for a good gabfest. "I tell all I know of Jim's project. Athena listened attentively, equipping her shrewd eyes over some details now and then and asking many questions. "Sounds good to me," she coughed when I had finished. "Why do you hesitate?"

"It would be so dreadful to fail, Athena. All Jim's savings wiped out. His courage gone. Our home broken up. Having to begin all over again, and with what? Jimmie, Junior, to talk of!" I argued. "But, dear, success is all a matter of your mental attitude," argued Athena decisively. "Make up your mind it will turn out splendidly, keep your chin up and stick to it."

"No, I'm not in New York; I'm here, Gosselot!"

"You don't mean—you don't mean you're going to stay with me a bit?"

"Why not? Can't you put me up? John's writing a book and wants to be rid of me for a while."

I rushed at her, flung my arms about her, my capable, cheery figure, and as I did I felt strength and confidence, courage and enthusiasm flow through me. I suddenly saw the whole project clearly. I got Athena's "mental attitude." My mind was made up. I would say yes to Jim's scheme and do my full share toward sweeping the undertaking to success.

"The only thing that troubles me now, Athena, I hesitated, 'is the ordeal of Athens interrupted me in her characteristic brisk, I have seen for all that manner. "Now, Ann," she held up her hand in warning, "didn't I tell you I had been investigating something? Well, I have. Now that you've met the real issue—Jim's scheme—like a little duck, we'll attend to your problem. I've worked it all out. The answer is twilight sleep. Now, now, don't make objections till you've seen the workings." "Athena, dear!" I've read a lot about it, but I don't understand very well."

"You'll understand better after you and Jim and I motor down to New York and have a talk with the doctor who has specialized in it for years. I have made an engagement with him. We go tomorrow."

I could only hug my dear old friend in speechless gratitude. (To be continued.)

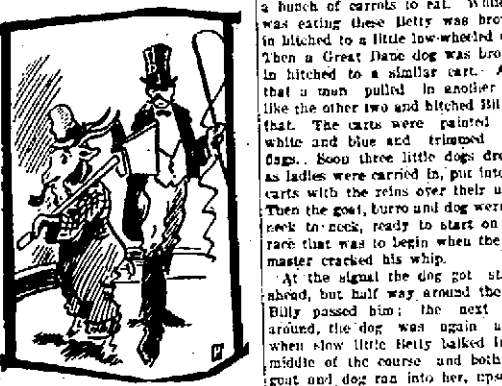

Auditorium Elect
 CINCINNATI, O., Mar. 3.—The following officers were elected today by the Ohio Laundry Owners Association at the close of its convention here: M. J. Mireau, president, Cleveland; vice president A. C. Schubert, Ironton; Secretary, John Webster, Toledo; treasurer, Chas. Leininger, Cleveland.

"No matter how I fold my feet, I can't fit these shoes on," said Miss Mary Dash, as she returned a pair of shoes today. Flattery won't hurt you if you don't swallow it.

BILLY WHISKERS

When Billy heard that he was to be taught some new tricks his heart sank, for he disliked the ring master and was afraid they would make him stand on his hind legs and walk. Had he only known it, that was the easiest thing he would have to do. He was led to the performing ring and there stood the hated ring master facing a line of animals standing in a straight line reaching from one side of the ring to the other. In the middle stood the elephant, with the summer house, as Billy called it, on his back; next him stood a camel; next the

made to walk up another step onto a similar platform on the zebra's back; here he was made to stop and make a bow and so on until he had reached the little summer house on the elephant's back. This he was made to enter and sit upright on a little seat that was inside whilst the elephant started forward and walked out of the ring carrying Billy with him. After this he was dressed as a workman, with a pipe in his mouth and a hod of mortar strapped to his shoulder and made to walk part way round the ring on his hind legs. Then he was allowed to rest and was given a bunch of carrots to eat. While he was eating these Billy was brought in hitched to a little low-wheeled cart. Then a Great Dane dog was brought in hitched to a smaller cart. After that the owner pulled in another cart like the other two and hitched Billy to that. The carts were painted red, white and blue and trimmed with flags. Soon three little dogs dressed as ladies were carried in, put into the carts with the reins over their necks. Then the goat, burro and dog were put back to work, ready to start on the race that was to begin when the ring master cracked his whip.

At the signal the dog got started ahead, but half way around the ring Billy passed him; the next time around the dog was again ahead, when slow little Billy talked in the middle of the course and both the goat and dog ran into her, upsetting the carts and spilling out the little lady dog drivers. None of them were hurt and the little dogs ran around, stepping on their silk petticoats and getting their hats askew, they enjoying the upset by barking and making all the noise they could.

"Well, boys, you want to do it better at the regular performance," said the ring master, as the animals were led from the ring. (Tomorrow Billy visits town again.)

WHO'S WHO In The Days News

VISCOUNTESS MAITLAND
 Viscountess Maitland was so well known in America prior to the war, not only as a frequent visitor, but also as a most talented mulierist, that her return, for the first time in six years, is worth mention.

She is a very charming and gifted woman, a popular figure in New York society and is a daughter of that witty and brilliant judge of the supreme court of England, the late Sir Robert Vaughan Williams.

Her husband, Lord Maitland, commanded a battalion of the No. 6th Dragoon Guards during the war, served in the South African war of twenty years ago as an officer of the Scots Guards, and is today a brigadier of the Royal Bodyguard of Archers of the King of Scotland, as well as a member of the ancient Bodyguard of Gentlemen-at-Arms of the King of England; a body guard in which every private is either a major, a colonel or a major general of the regular army. Lord Maitland is the eldest son and heir of the thirteenth Earl of Lauderdale, who is the hereditary standard bearer of Scotland and figured as such at the coronation of King George.

Quiet Retreat
 An enthusiastic young minister who followed one of the old type in a sleepy village, was thumping the rostrum a good deal, and disturbed a spider which had found peaceful refuge in one of the cranberries for many a day. Wandering up the aisle homeless, he was met by another spider, and the tale of woe was imparted.

"I can't stand this new minister thumping and jumping about. I have lived in the pulpit for many years, but I can't stand there any longer."

Said the second spider, actuated by a fine spirit of charity: "Come along with me, I haven't been disturbed for 50 years. My home's in the collection box at the door."—London Trib.

In Doubt
 "What are your politics?" "I dunno," replied Farmer Cornotose.

"Times has worked around to such a mix-up that there isn't anybody I don't disagree with on some point or another."—Washington Star.

All He Knew Then
 A salesman was traveling a country

New-York - Day - By - Day

BY O. O. McINTYRE

NEW YORK, March 3—
 I was riding in the subway.
 And reading a newspaper.
 For which I paid two cents.
 And I'd been eating butter cakes.
 And felt stuffy.
 And just a little groggy.
 And while I was reading.
 A little fellow next to me.
 Was also trying to read.
 From the paper I bought.
 And it was all right.
 But I was full of butter cakes.
 And when I'm that way.
 I become almost a fiend.
 And I talk back to my wife.
 And everything.
 And the more this guy read.
 The madder I got.
 And I'd jerk the paper up.
 And he'd crane his neck.
 And I'd jerk the paper down.
 And then cross ways.
 But he didn't mind.
 He was getting his news free.
 And finally I folded it up.
 And stuck it deep.
 In my overcoat pocket.
 And glared at the fellow.

But he didn't care.
 And so I looked away.
 And after a little while.
 I looked at him again.
 And the little rascal.
 Had picked my pocket.
 And was reading my paper.
 And I saw an article.
 That I had overlooked.
 About an actress.
 Sizing a would millionaire.
 And I peeked over the top.
 And the little guy saw me.
 And folded up the paper.
 So I couldn't see it.
 And tried to read some more.
 And he got up and moved.
 To a seat across the aisle.
 And everybody was laughing.
 And I got up and got out.
 At the wrong station.
 And ran into an old man.
 Who smacked me over the head.
 With his umbrella.
 And I fell going up steps.
 And bit my tongue.
 And I'm off butter cakes.
 From now on I'll eat.
 Nothing but cookies.

road when suddenly he saw a house burning. Thumping up, he pounded on the door lustily, till an old woman opened it.

"Madam, your house is on fire!" he exclaimed.

"I say your house is on fire!" She put her hand to her ear and glanced toward him. "What?"

"Your house is burning up!" he roared.

"Oh! Is that all?"

"That's all I can think of just now, madam!" he gasped.—American Legion Weekly.

They were not exactly the fondest of neighbors, and one day the following note came from Jones to Smith:

"Mr. Jones presents his compliments to Mr. Smith and asks will he kindly shoot his dog as he keeps Mr. Jones and his family awake?"

Whereupon Smith returned the following note:

"Mr. Smith presents his compliments to Mr. Jones and begs to inform the latter that he will be very glad to shoot his dog if Mr. Jones will poison his daughter and burn her piano. Weekly.

DORT

Quality Goes Clear Through

The testimony of Dort owners confirms and substantiates what we have often said to you.

It proves that the Dort really does require but the slightest service attention.

It shows too, that the mileage of the Dort per gallon of gas, quart of oil, and set of tires, is perceptibly higher than is common.

The Dort is built to give you long service, smooth performance, and thrifty operation—and it does.

ALLIES SHOW TENDENCY TO SAVE GERMANY FROM RUIN

MAJORITIES ON RESERVATIONS ARE INCREASED IN THE SENATE

WASHINGTON, Mar. 3.—Two more of the republican reservations to the peace treaty, one of them affecting the historic Monroe Doctrine provision, were adopted in the senate today without change and by greater majorities than they commanded when originally presented last November.

The Monroe Doctrine reservation, which senators have been told is scarcely less objectionable to President Wilson than that relating to Article 17, got the support of fifteen democrats and won by a vote of 38 to 22 after a substitute drafted by the democratic leaders had been rejected.

More Desert Wilson

The vote on the republican proposal was 50 to 34 in November, when only nine democrats supported it.

The other reservation acted on asserted the full jurisdiction of the United States in purely domestic relations and was adopted, 50 to 25, with 14 democrats helping to make up the majority. In November it got the votes of only eleven democrats and was adopted, 59 to 36.

Declare Freedom

LONDON, March 3.—Representatives of the Schleswig and Holstein organizations, together with members of various political parties, assembled at Hensburg, Holstein, today, to proclaim the emancipation of Schleswig-Holstein from Prussia and the establishment of a new state, says a dispatch from Flensburg.

According to the dispatch, the state commissary, Dr. Köster, in an address said:

"I am going to Berlin this evening to hand over this declaration of independence."

WANT FACTS ON RAID

MEXICO CITY, March 3.—Full information regarding the raid of Mexicans on Monalana camp, near Ruby, Arizona, Friday, February 27, has been requested by the Mexican foreign office. Nothing official was given out yesterday regarding the incident, in which John A. and Alexander Fraser, brothers, were killed. It was unofficially stated, however, that no United States troops had crossed the border in pursuit of the bandits.

The only incident of American soldiers crossing into Nogales, Sonora, occurred late last week, when two Americans, who had crossed the international line in search of liquor, were fired upon by Mexican customs guards. The affair resulted in the deaths of one Mexican guard and one American.

GROCERY TO BE OPENED FOR EMPLOYEES

HAMILTON, O., March 3.—Three Hamilton manufacturers have made preparations to open a large grocery establishment for the benefit of their employees, for which goods will be purchased in large lots and sold at cost. High cost of food products at retail induced the step, they say. The public in general will be permitted to buy on the cash-and-carry basis, and the enterprise will continue indefinitely. It was stated. The three manufacturing institutions joining in the grocery business are: The Hensons-Owens-Rentz Company, the Niles Tool Works, and the Black and Clawson Company. They employ thousands of men. The Lakeside Hotel, at Fifth and Heaton streets, in the heart of the manufacturing district, has been leased for the purpose. It is being remodeled, in part and the store will open for business March 15.

In discussing conditions there during and since the war she praises the bravery, faithfulness and sacrifice of the Russian women.

SEEKS PROBE OF THE ORDER

WASHINGTON, D. C., March 3.—Chairman Fess, of the house education committee, said today that unless the federal board of vocational education ordered an investigation to determine the responsibility for an order to employers of the board to be "hard boiled" in considering the applications of disabled service men for reeducation, his committee would make an inquiry. Decision by the committee was deferred today pending action by the board.

Appointment of an ex-service man as a member of the board to look after the interests of the veterans of the world war was urged before the committee by J. H. Baeger, representing the American Legion.

WASHINGTON.—Not operating in course of railroad under federal control for the month of January was \$44,000,000 short of average monthly rental paid by government for properties.

Soviet Republic Is Proclaimed In Portugal

MADRID, March 3.—Reports from the Portuguese frontier today declare that the workmen in Portugal have proclaimed a soviet republic. The postal, the telegraphic and other workers are said to have joined the railroad men in the move. The news, which reached here from the border by telephone, has not been confirmed.

Anarchists Prolong Strike

MILAN, March 3.—(Havas).—In compliance with orders from Socialist leaders, workers who have been on strike attempted to resume work yesterday, but anarchist groups, attacking factories, the tramway and stores and compelling a continuation of the strike. Italian Socialists seized a number of Milan establishments and proclaimed a soviet but were expelled by military forces. An attack on the labor exchange by anarchists was repulsed by the troops.

TURKEY DENIED A NAVY

LONDON, March 3.—The supreme council of the allies today decided that Turkey shall have no navy. Only a few revenue cutters will be left to her.

PARIS, March 3.—(Havas).—Turkey's army will be limited to the number of troops necessary to maintain order in Asia Minor, according to the Journal, which says Turkey will be compelled to keep her armed forces on the Asiatic side of the Bosphorus.

WASHINGTON, March 3.—The comptroller of the currency today issued a call for the condition of all national banks at the close of business on Saturday, February 28.

RECOVERED STOLEN AUTOS

YOUNGSTOWN, O., March 3.—Eighty-three stolen automobiles valued at \$123,000 were recovered for their owners by the Youngstown Automobile Club during its last fiscal year, officials of the club announced today.

BRITAIN FEARS RESULT OF A RUINED GERMANY ON EUROPEAN AFFAIRS

LONDON, Mar. 3.—A noteworthy phase of the present meeting of the peace conference is the changed attitude toward Germany. In high diplomatic circles it is asserted that the conference has come to recognize the fact that Germany ruined would mean a weak spot and a dangerous spot in Europe.

Great Britain, and personally David Lloyd George, the British premier, are credited with being the chief forces in bringing about this policy. The French peace delegation is described as moving toward this point of view reluctantly, although it is moving.

French Sentiment Changes

It is asserted that the French are less immovable than when M. Clemenceau was at the helm of state. They are set Germany on her feet is one of the largest questions the conference is now considering. It is considered probable that it will sanction an international loan to Germany, but the question of security is a basic one. It is expected that a plan will be arranged which will offer inducements to the rich smaller neutral countries to subscribe to a loan. From England, her representatives believe, will contribute, officially or unofficially, at least one of the various sorts arising from the war are greater than those of any other nation.

May Fix Indemnity

One of the American conferences expressed the opinion today that Germany's war indemnities at a specific sum also is being discussed. The belief is expressed that the German government can organize its finances and industries more efficiently if the German people know exactly what are their obligations and what they are to be called upon to pay. This question was one left by the treaty to the reparations committee but the present idea seems to be that the conference probably will take it out of the hands of the commission.

DECREASE IN PUBLIC DEBT

WASHINGTON, D. C., March 3.—A decrease of \$254,057,387 in the public debt was effected in February, the treasury announced today, leaving the total debt \$25,184,311,707.

PARIS, Mar. 2.—(French wireless service). Good crop prospect throughout France are reported by the Journal Officiel, which states that the condition of the filled fields was as good in February as it was a year ago.

OPENING STOCKS

NEW YORK, March 3.—Fractional changes prevailed at the uncertain opening of today's stock market. Except in oils, which were moderately strong, while equipments and miscellaneous specialties declined further pressure. Royal Dutch and Shell Transport recorded loss of yesterday's losses, but American Western, New York Atlantic and Endicott-Johnson reacted 1 to 2 points. Further buying of oil, steel and motors soon imparted steadiness to the general list. Trading was light, however, with few new issues of their recent activity.

FAVOR ENTRANCE IN LEAGUE

BERNE, Tuesday, Mar. 2.—Adherence to the League of Nations by Switzerland was approved by the Swiss national council today by a vote of 111 to 55. This decision does not bind this country to enter the league, but recommends a plebiscite to be held during April or May, in which the people will vote their desires.

CRUSHED TO DEATH

TOLEDO.—Mrs. Lewis C. Minko is crushed to death in elevator two minutes after removal from operating room of hospital on an invalid cart.

Soldiers To Guard Oil Camps

TAMPAICO, Feb. 24.—Garrisons of from 50 to 100 soldiers are to be established in all of the oil camps in this region, according to orders received here by General Nemesio Lopez. Hitherto the activity of federal soldiers has been limited to mere pursuit of rebel bands who have committed depredations. Under the present plan army guards will be provided for workmen in the petroleum fields at all times.

Furniture To Be Placed In Museum

PLYMOUTH, MASS., March 3.—The home furnishings of Mrs. Lavinia W. Magri, (Mrs. Tom Thumb), who died recently, will be placed in museums by the terms of her will, which has been filed here. Her collection is said to include the smallest practical furniture in use. Several of the articles were gifts from European royalty before whom she performed. The remainder of her property is to be divided among her husband, Count Magri, also a midwife, and two nephews.

SKELETON MYSTERY SOLVED

NEW YORK, March 3.—The mystery surrounding the discovery of seven human skeletons on a beach at Staten Island was cleared up today when it was found that they were the bones of persons buried 40 years ago, when the spot was a cemetery. Recent high tides washed away part of an eight foot embankment and left the bones protruding from the sand.

P. H. S. Team In Good Shape For Annual Tournament At Delaware

The Wife Spreading Good Cheer

The Portsmouth High basketball squad winds up its final practice today for the basketball tournament which starts Friday morning at Delaware University, in which Coach Hesse's warriors are entered.

Coach Hesse stated that he is under no illusions as to the chances of the squad on the trip as substitutes, because of the close running of several of the likely candidates in the last few practice sessions.

Fifty or sixty teams from southern Ohio will be entered to battle in a final in the elimination series to decide which quints return to Delaware the following Saturday to compete with the northern teams for the state championship.

Portsmouth is located in the department of the best five in the southern portion of the state, and it should be no surprise if the red and blue aggregation remains to compete with some of the successful teams on Saturday.

Should the locals be eliminated by a defeat on Friday, they will probably remain at Delaware to witness the outcome of the tournament.

Coach Hesse will probably take several players, the manager and trainer on the trip. The squad will leave Thursday for Delaware, returning probably Sunday.

The Electric, of which John Millard is the proud captain, were quite gracious hosts to the Rollers at the P. H. S. last night. The Electric might have taken three in a row, but neglecting their opponents were they two men, coupled with the fact that their captain did not arrive on the scene of action until long after the lady had been tapped, they were afflicted with temper of the heart and while perhaps they could not help it, they were quite willing to let the Rollers walk away with the goodwin game and then congratulated Captain Sheridan and his men upon their achievement. Where in the thunder Burnett and Shaw are keeping themselves these days, deposed sayeth not, but these two "birds" will have to give an accounting of their stewardship the first time they bump into the Rollers, make no mistake about that.

The games last night were very ordinary, and while the boys had lots of fun at the kidding game they could not get any pins—even the sensational Harry Jefferson falling below the 500 mark. But the fun, fellows, the fun—that's what the Electric and Rollers are after—not the pennant, by gum. That's cleared and neither team has any desire to mar the happiness and contentment of the Norwoods who are getting quite pretty—all ready looking for the battle.

While the Rollers and Electric were hooked up, the Jerseys were annihilating the Turkeys three in a row at the Play House alleys, due to a very large measure to the heroic work of Captain Ellsworth C. McFay—note how his title has grown of late. Captain McFay is in excellent physical trim last night and that sweeping curve ball of his swept the pins like a revolving mallet propelled by horsepower. His speed was terrific—his aim accurate and he clipped wood for 500 and never breathed hard once. He was the only man to get into the 500 circle. If you see "Mark" coming up the street, get out of his way—give him room to move—twenty feet near him and his sure contact. The scores:

In their previous clash at Wheelersburg the church team was defeated in a close game after they had staged a brilliant rally in the last half and tied the score. The Pro-Testants attributed their defeat to the small force which prevented their fast passing game and they will be out for sweet revenge, but they will meet worthy rivals for in the Wheelersburg line-up will appear Kent and Walbridge, stars of last year's P. H. S. team, and Hall, Smith and Grayson, Wheelersburg High's husky trio. Blake, Hake and Finner, a P. H. S. team, the churchmen's formidable opponents, with Monk, Roy, and H. Post and Leckbrecht to fill the squad position. This game will no doubt be a tight one in the last minutes of play. An admission of twenty cents will be charged, the proceeds to go to the church athletic fund.

Let's be remembered. Make up your mind to the prospect of watching a certain amount of rain and trouble in your passage through life. It will make you thoughtful and prepared without interfering with your cheerfulness.—J. H. News.

March 1.—Boxer Runners vs. Wreckers.

Those Skunks of the Solvay Duck Pin League made the Tar Babies cry for mercy at the Play House alleys last night when they won three in a row and showed no more mercy than Mexican bandits along the border.

They did not care a rap for the reputation of Captain Delamater's team, and from the very jump set a pace that had Del and his boys groping around for a place to alight.

Maybe those Skunks did not enjoy themselves in their hilarity of glo and gloriolness. Anchor Man Mr. Roll, whose name is short and rather old in construction, was the huge noise of the evening for he grabbed off a total of 346 and it was mainly due to his consistency that the Skunks routed their opponents in every game. Captain Delamater did his best to rally his scattered forces, but all to no avail. The Skunks were out to get a toe hold and they got what they want after and then some. They really did not expect to make it three in a row when they started out, but they declared previous to the start of the contest that they did not propose to overlook any opportunity to go to the limit if they had to leave dead and wounded scattered all over the field of action. Mr. Dietz, who is some duck pin artist, did his best to carry the whole load and while he never weakened, the task was too much for him. He had the honor and distinction of shooting for the highest total yet recorded by a member of the league, getting a score of 375 pins and one game of 162. "Doc" Baughman, of the Majors, had better look a little out or he will be supplanted in reputation by this same Mr. Dietz.

WITH APOLOGIES TO "SILVER THREADS AMONG THE GOLD," WE'D SAY THAT BATHING SUITS ARE FADING FAST AWAY

The evolution of the bathing suit. Years ago the bathing suit for milady was a heavy dress-like affair that weighed about fourteen pounds when wet. Then came the split skirt—quite daring. Followed the semi-form-fitting suit with shorter skirt and stockings, and the dress reformers got busy. Then the style fixers shortened the skirt and raised out the stockings. Then the legs were shortened a bit more. Now a skimpy one-piece form-fitting suit, sans stockings and shoes.

GOLFITES IMPROVING AT PINEHURST

PINEHURST, N. C. Mar. 3.—A group of 313 took part in the final session of the spring tournament qualifying round at Pinehurst today and 18 sixteen qualified for match play. Sam Graham, of Greenwich was the qualifying medal with a total of 77-158 for the 36 holes and was followed at 161 by R. M. Merriman of Waterbury, W. F. Truesdell, the Garden City veteran took third honors at 162. George J. Murphy of Wollaston had a 70 today and finished at 163 but fell a victim to technicality. He was disqualified under a decision of the golf committee prohibiting a practice shot in stroke competition. E. J. Daehler of Portsmouth improved a dozen strokes on his today's round and qualified for the fifth division with a total of 103-215. William M. Briggs of Portsmouth made the seventh sixteen in 202 for the 36 holes. Frank W. Munton and George A. Goodman of Portsmouth wound up in the sixteenth division at 232 and 238 respectively. Both did better today than they did yesterday.

SCIOTOVILLE TO MEET P. H. S. FIVE

Both Sciotoville High and the "all star" combination of the class team players of P. H. S. are practicing diligently each day in anticipation of a real struggle in the Sciotoville gym tomorrow night, starting at 7:30, when the two teams meet for a basketball contest.

Coach Miller of Sciotoville High has been working his squad to the limit, while Coach Shively of the P. H. S. selected team has had his men practicing hard the past few days.

The Sciotoville High five will probably appear in its regular lineup, while the personnel of the local team has not been announced. Sciotoville recently defeated the local aggregation on the P. H. S. floor, and the return game will without a doubt be a hummer.

A large delegation of P. H. S. students is planning to follow the team and the Sciotoville gym will, from present indications be filled to capacity with enthusiastic rooters.

PIKEVILLE TEAM WILL PLAY HERE

Pikeville College (of Pikeville, Ky.) has been scheduled to meet the P. H. S. basketball quintet on the local floor next Monday night.

P. H. S. defeated the Kentucky team earlier in the season by a close score, and the Collegeians won a victory over Ashland High some time ago, making the Pikeville five about equal to the locals in aggression.

It is quite unusual for the local team to schedule a game for a Monday night, but this was the only open date on the schedule of the Kentucky team and Manager Dick Knost accepted their repeated requests for a return game here.

"WE'RE GLAD OF A CHANCE TO PRESENT OUR CASE IN COURT," SAY BOTH JACKS

According to statements made when the indictments were returned, Jack Dempsey, heavyweight champion of the world, and his manager, Jack Kearns, are glad the chance presents itself for them to clear themselves of the charge of conspiracy to evade the draft law. The federal grand jury at San Francisco returned indictments against both men and a second indictment charging Dempsey with evading the selective service law. Both Kearns and Dempsey say the "slacker" stories concerning Dempsey were started by enemies of the champ and his manager and are groundless. The grand jury's action was prompted by charges made against Dempsey by Maxine Dempsey, his former wife, which she later repudiated.

It is really a development of this Archimedes screw, reversed in action, which is seen in the propellers of modern steamships.

"MORE DAYLIGHT" PLAN IS TO COME BEFORE COUNCIL TONIGHT

The measure providing for "More Daylight" during the summer months promises to be the big issue before council at its meeting tonight. Supporters of the movement are expected to be on hand in numbers to argue for the ordinance and make its adoption and opponents will do doubt be present in an effort to block legislation.

A majority of the council members are said to be favorable to the measure and the backers of the plan are well represented in the city's business community.

Other legislation to come before council tonight for action will include resolutions ordering the paving of State Street and Argonne Road to proceed; ordinance providing for the closing of streets to traffic at night; with street lighting and traffic; ordinance prohibiting vehicles from parking within 25 feet of fire plugs and fire hydrants; and for the safety director to collect a \$1.00 per annum. The latter ordinance will be presented in view of a ruling received from the state auditor's department that the salary may be increased although salary scales are exacted as a condition of receiving the salary.

While the solicitor does not concur in the new ruling he will advise council that it has a right to pass the measure.

CROTTY FAILED TO APPEAR FOR TRIAL

The trial of Albert Crotty, charged with the theft of an automobile, which was scheduled to come up in the criminal court at Huntington yesterday, was not held by reason of the accused, who was out on bond, failing to appear before the bar of Justice. His \$1,500 bond was promptly forfeited by the court.

Crotty stole the Stutz car of Attorney Louis Staker, of Huntington early in January and was apprehended at Hadden by Constable Rocky Newman and turned over to the West Virginia authorities. The Hadden officer, who was subpoenaed as a witness on the case returned from Huntington this morning enroute home. He was paid a reward of \$20 by the Huntington Automobile Club for recovering the stolen car.

DELEGATES CHOSEN BY C. OF C.

The board of directors of the Chamber of Commerce Tuesday afternoon appointed H. F. Bertram, national counselor, and John E. Williams, P. L. Martz, Ed. T. Reed, Valde Harlow, John T. Breese and Samuel Barlow delegates to the United States Chamber of Commerce.

These men will represent the local chamber in all their dealings with the national chamber. These men were picked from a list of 11 submitted to the board by a special committee appointed to make the recommendations.

The board also added the names of R. D. York and F. B. Winter to the water committee. The committee is now composed of Mark W. Sully, chairman; Gilbert H. Moore, F. L. Manning and the two new members.

This committee, in addition to the original duties, will assist the director of public safety in an investigation of the local fire companies.

The board decided to hold a "home warning" as soon as the organization is located in its new quarters in the Miller building on Gallia street.

WILL CELEBRATE FEAST OF PURIM

<p>tion"</p>	<p>Tomorrow night in Moose Hall the Jewish people of the city will give a masquerade dance, celebrating the feast of Purim.</p>	<p>name is held in celebration of the deliverance by Queen Esther of the Jews when they were about to be destroyed by Haman, minister of the King of Persia.</p>	<p>The festival is not observed by the congregation with any religious services because of the fact that the story is purely legendary, and not historical. The story is recorded by Jewish religious authorities as being "made up" to stimulate the faith of Jewish people in Jehovah.</p>

SECOND PISTOL DUEL VICTIM DIES

TRINTON, O., March 3.—Jacob Yates, who was brought to the Joseph Hospital Sunday, suffering from wounds he received in a revolver duel with Charles Richendollar, of Waterloo, died yesterday. The bullet which caused Yates' death was the one which entered the abdominal cavity. The wound was made more serious by Yates walking quite a distance after the shooting and by losing a large quantity of blood. The death of Yates puts an end to the case, as both parties to the distressing tragedy are dead.

INJUNCTION CASE ARGUED IN IRONTON

<p>Attorneys A. Z. Blair, Harry W. Miller and Edgar G. Miller have returned from Ironton, where yesterday they made arguments before the Appellate court, which is in recess during this week in the injunction case of R. W. Allard against the Madison township</p>	<p>school board which was brought to prevent the issue and sale of \$30,750 worth of bonds for the purpose of centralizing the township schools. The plaintiff won in the Common Pleas court and the school board protested error to the higher court,</p>	<p>which held the case open for further argument next Monday when the case comes here to convene the regular Spring term.</p> <p>Judge Corn, special counsel in the attorney-general's office, assisted attorneys for the defense in presenting the case.</p>
